

Dagga Farmacy Grow Club

Plant Health Pricelist

Advanced Hydro Nutrients Range

Product	Step		90mℓ	250mℓ	500mℓ	1ℓ
Grow	1	A crucial micronutrient for crop production in the early and vegetative periods. It includes high NPK and minerals, designing it for optimal intake.	R 50	R 100	R 150	R 200
Bloom	2	A "superfood" for flowering production, facilitating the correct balance of nutrients to encourage the optimum growth for superior quality flowers.	R 50	R 100	R 150	R 200
Micro	3	A blend of chelated micro and macro elements in combination with exceptional pH buffers, crucial for stabilising pH values throughout the plant lifecycle.	R 50	R 100	R 150	R 200

Product		90mℓ	250mℓ
CarboPump	An exclusive blend of complex carbohydrates and fulvic acids which enhance nutrient uptake through all periods of plant development. Fulvic Acid combined with Amino acids contributes to maintaining beneficial bacteria and fungi in each plants' root zone.	R 80	R 150

Product		20mℓ
CardioPump	Concentrated seaweed extract, add to GROW 1, BLOOM 2 and MICRO 3 to reduce stress, boost roots and for overall plant health.	R 140
PhenoPump	PhenoPump is a growth promoter to increase photosynthesis. Stimulates the production of essential oils and terpenes, substantially increasing plant potency. Apply during vegetative and flowering stages.	R 120

Dagga Farmacy Secret Ingredients

Product		100mℓ
Ergofito Micro Mix	A microbial blend that contains a complete set of naturally occurring, living biological microbes	R 100

Product		200mℓ	5ℓ
AgriOrmus	Bio-active cell food - contains ormus, humic and fulvic acids	R 250	R 4500

Dagga Farmacy Custom Range

Product	Product description	1ℓ
Sure Gro	A natural source of nutrients in an available and balanced formulation	R 90
Cal-Sure	A translucent calcium formulation chelated with organic Anions	R 80
Mg Sure	Chelated Magnesium supplement	R 80
K Sure	A translucent pH balanced solution containing Potassium in organic form	R 90
Kalifos	A translucent pH balanced solution containing Potassium and Phosphorous in organic form	R 110
Micro Mix	Balanced solution containing Zinc, Manganese and Copper	R 110
Soil Sure	Natural source of nutrients, organic acids and soil conditioners	R 80
Vigour Sure	Natural source of nutrients, organic acids and energy supplements	R 80
Silica Sure	Bio-available source of Silica	R 100
N Sure	A Nitrogen supplement chelated in a fulvic acid solution	R 80
Liqui Cal Gypsum	Natural source of Sulphur and Calcium with no effect on pH	R 90
Liqui Cal Calcitic	Natural source of Calcium with pH raising effect	R 90
Amino Acid- Aminostim	Organic formulation of Fulvic and Amino Acids	R 90
Fulvic Acid- Terra Ful	Organic formulation of Fulvic Acids	R 90
Humate Sure (Prills)	Water soluble Humate pellets	R 80
Humate Sure (Liq)	Humate solution	R 80

Please enquire for pricing on larger container sizes up to 1000ℓ flow bins.
