

# Dagga Farmacy Grow Club

## Plant Health Pricelist

### Dagga Farmacy Secret Ingredients

Product		100ml
AQ sf Liquid	<i>A fungal isolate indigenous to South Africa, and a hyper parasite to the common powdery mildew</i>	R 100
Veni Biosulfur	<i>An essential building block in plant metabolism to form amino acids, proteins, enzymes, antioxidants and vitamins</i>	R 100
Ergofito Micro Mix	<i>A microbial blend that contains a complete set of naturally occurring, living biological microbes</i>	R 100
EnOrmus Bud / AgriOrmus	<i>Bio-active cell food - contains ormus, humic and fulvic acids</i>	R 250

### Dagga Farmacy Custom Range

Product		1l	5l
Cal-Sure	<i>A translucent calcium formulation chelated with organic anions</i> Ca 58.3 g/kg • SG 1.01 • pH 4.8	R 100	R 380
K Sure	<i>A translucent, pH-balanced solution containing potassium in an organic form</i> K94.5 g/kg • SG 1.02 • pH 5.84	R 120	R 450
Kalifos	<i>A water-soluble solution containing phosphates and potassium, suitable for foliar and soil application</i> K22 g/kg • P 945 g/kg • pH 2.64 • SG 115	R 140	R 570
N Sure	<i>A water-soluble nitrogen supplement chelated with fulvic acids</i> N 232.3 g/kg • SG 1.06 • pH 4.72	R 90	R 340
Sure Gro	<i>A natural source of nutrients in a readily available and balanced formulation, stimulating vigorous plant growth</i> N 69.5 g/kg • Ca 7 g/kg • Ph 2.4 g/kg • Mg 1.8 g/kg • K 14 g/kg • pH 3.9 • SG 112 Zn 61 mg/kg • B 27 mg/kg • Cu 6 mg/kg • Mn 22 mg/kg • Fe 117 mg/kg • Mo 43 mg/kg	R 110	R 430
Soil Sure	<i>A natural source of nutrients, organic acids and soil conditioners</i> N4.3 g/kg • Ca 2.2 g/kg • P 13.9 g/kg • Mg 2.0 g/kg • K 13.9 g/kg • C 80 g/kg • pH 2.9 • SG 106 Zn 8 mg/kg • B 468 mg/kg • Cu 2 mg/kg • Mn 29 mg/kg • Fe 67 mg/kg • Free Amino Acids 28.2 %	R 90	R 340
Vigour Sure	<i>A natural source of nutrients, organic acids and natural energy supplement for plants.</i> K 34 g/kg • Fulvic Acid 13% • pH 3.2 • SG 102	R 90	R 310
Humate Sure (Prills)	<i>A water-soluble soil conditioner for sandy soils. It enhances carbon levels and assists in formation of soil aggregates.</i> K 59.1 g/kg • C 448 g/kg • SG 1 • pH 9.88 • Humic Acid < 70 % • Fulvic Acid < 10 %	R 140	R 560
Humate Sure (Liq)	<i>A water-soluble soil conditioner for sandy soils. It enhances carbon levels and assists in formation of soil aggregates.</i> K 59.1 g/kg • C 448 g/kg • SG 1 • pH 9.88 • Humic Acid < 70 % • Fulvic Acid < 10 %	R 90	R 320
Micro Mix	<i>A perfectly balanced solution for foliar and soil application, containing zinc, manganese and copper</i> Zn 26040 mg/kg • Cu 7775 mg/kg • Mn 21577 mg/kg • SG 118 • pH 100	R 140	R 580
Silica Sure	<i>A solution that assists the uptake of mineral nutrients and can improve plant resilience and disease resistance</i> Si 70 mg/kg • K 433 mg/kg • SG 114 • pH 11.77	R 140	R 570
MG Sure	<i>A water-soluble magnesium supplement chelated with fulvic acids</i> Mg 415 g/kg • S 631 g/kg • pH 1.84 • SG 128	R 100	R 370
Liqui Cal Gypsum	<i>A natural source of calcium and sulphate in solution, improving soil conditions</i> Ca 159 g/kg • S 70 g/kg • SG 13 • pH 6.5	R 100	R 360
Liqui Cal Calcitic	<i>A natural calcium solution in suspension. It is acid-soluble and raises the pH of acidic soils.</i> Ca 231.8 g/kg • SG 13 • pH 9.2	R 100	R 360
Amino Acid - Aminostim	<i>An acidifier and soil conditioner that stimulates root growth and removes soil crusting and compaction</i>	R 110	R 410
Fulvic Acid - Terra Ful	<i>A water-soluble low-pH concentration of at least 25% fulvic acid that has an acidifying effect on soils and water</i> Zn 0.10 g/kg • SG 1.013 • Fulvic Acid > 25 %	R 110	R 430

Please enquire for pricing on larger container sizes up to 1000l flow bins.
